

ARKANSAS

Certified Seed Growers
of
SMALL GRAINS
from the
SPRING HARVEST
2020

ARKANSAS DEPARTMENT OF AGRICULTURE

THE GROWERS LISTED HEREIN HAVE APPLIED FOR CERTIFICATION ON THE VARIOUS CROP VARIETIES. ALL ARE SUBJECT TO FIELD AND STORAGE INSPECTIONS AS WELL AS SEED LABORATORY ANALYSIS BEFORE BEING ALLOWED TO CARRY THE OFFICIAL ARKANSAS CERTIFICATION LABEL. (Listing of a grower does not imply all requirements have been met at the time of publication.)

EACH GROWER HAD THE OPTION TO HAVE THEIR ACREAGE PUBLISHED IN THIS DIRECTORY. IF THE GROWER ELECTED NOT TO HAVE THEIR ACREAGE PUBLISHED, THEN "FD" (FOUNDATION), "REG" (REGISTERED), OR "BT" (CERTIFIED BLUE-TAG) WAS PLACED UNDER THE APPROPRIATE CLASS.

The Arkansas Department of Agriculture Web Site is:
<http://www.agriculture.arkansas.gov/arkansas-state-plant-board> .

The Certified Seed Growers Directory information is now listed under the Seed Sections' link (<http://www.agriculture.arkansas.gov/certification>).

PLEASE CONTACT ANY ONE OF THE FOLLOWING DEPARTMENT OF AGRICULTURE STAFF IF YOU HAVE ANY QUESTIONS OR COMMENTS:

AGRI DIVISION MANAGER..... MIKE STAGE
ADMINISTRATIVE ASSISTANT..... MEREDITH MARTINEZ
SEED CERTIFICATION MANAGER..... JAMES CHASTAIN
SEED LABORATORY MANAGER..... GORDON BALDRIDGE

The State is divided into four districts, with one supervisor and several inspectors in each district.
If you have questions about the inspector for your location, call the district supervisor or the
Department of Agriculture Office (501-225-1598).

The four districts are shown on the map below:

ATTENTION

To: Certified Seed Growers

From: Seed Section

Subject: Maintaining Priority Status for Receiving
Arkansas Foundation Seed

There has been some confusion over the last couple years about Certified Growers not maintaining their “Priority One” status for receiving Foundation Seed from the University of Arkansas.

To be a Priority One Grower you MUST do the following:

- Plant Foundation Seed;
- Fields Must pass field inspection for Registered Grade;
- Clean & Bag Seed;
- Sampled by Department of Agriculture Inspector (can be sampled in bulk if planting back for own Blue Tag Production; must file application for BT Production);
- Pass lab standards for Registered Grade;
- Print Registered Labels or plant back for own seed production (can be sampled in bulk if planting back for own Blue Tag Production; must file application for BT Production).

Most of the problems occur when the Certification Process is not completed by either the entity that applied for Certification, the person who has control of the entity that applied for Certification, or the company that receives the certification responsibility of a Bulk Transfer.

EXAMPLES OF PROBLEMS:

- A. Use of the Form 24's-Bulk Seed Transfer of Certification Responsibilities: A problem occurs after a Certified Grower sells the seed using Form 24, if the Company that bought the seed does not sample the seed in the bag as Registered Grade and then purchase registered labels; or, if the buyer does not keep the seed separate and mixes it with the buyer's own seed of the same variety/class or another certified grower seed which causes the identity of the seed to be lost.
- B. A second problem occurs when a Certified Grower has 2 or more entities and combines the

seed from all entities, or when certified grower *bulk transfers* the seed under the wrong name. Each entity must stand on its own as far as bagging and tagging of the seed or replanting the seed for their own production. (Example: Jimmie Shatsar, Shatsar Farms, & Jimmie Shatsar/Linda Hutson-Shatsar will be considered 3 entities if an Application for Certification is received under each name. Each entity must complete certification under each name as listed on the Certification Application.)

- C. Another problem is when a Certified Grower submits an application for Registered Class, his field passes field inspection, the seed is tested in the bag or bulk, **but** he does not order labels or use the seed for his Certified Blue Tag Production the following season.

These are a few reasons which prevent a Certified Grower from keeping Priority One Status. The main thing to remember is, complete the certification process for your Registered seed production, especially if you sell the seed on Form 24. When transferring the seed, please be aware that the company that is buying the seed may not complete Certification on the seed. One way to avoid this is to always bag & tag a portion of the seed yourself by calling the Seed Certification Office.

If you have any questions, please call the Seed Section of the Arkansas Department of Agriculture (501) 219-6346 or if you need the Policies for Purchasing Foundation Seed, please contact the University of Arkansas Crop Variety Improvement Program at (870) 673-2661.

Selling BULK WHEAT on a BULK CERTIFICATE

WHO CAN SELL BULK CERTIFIED WHEAT?

Questions? Need an application? Call the Dept of Agriculture Seed Section (501) 225-1598

1. CERTIFIED GROWERS/DEALERS THAT HAVE APPLIED FOR CERTIFICATION AND HAVE RECEIVED ANALYSIS REPORTS ASSIGNING CERTIFIED (BLUE-TAG CLASS).

WHAT DO I NEED TO DO TO GET STARTED?

- A) Read and become familiar with the regulations regarding bulk sales of wheat.
- B) Fill out the [application form for approval to sell bulk certified wheat \(Form 20-BU/WT\)](#). List your certification permit number (must be currently in force). If you have more than one location that you wish to sell bulk certified wheat from, you must complete a form for each location and send in \$10 for a Certification Permit for that location. A Certification Permit number will be assigned, and you will receive a Certification Permit Certificate. Certification Permits expire June 30th each year and must be renewed.
- C) Call the Certification Office and request the number of Bulk Certified Seed Certificates you think you will need. These will be serially numbered and cost \$0.25 cents each. Any unused bulk certificates remaining at the end of the season will be returned to the Certification Office (no refunds).
- D) Follow the processes outlined for selling bulk certified wheat.

2. RETAIL SEED FACILITIES THAT ARE NOT CERTIFIED PRODUCER/DEALERS

WHAT DO I NEED TO DO TO SELL BULK CERTIFIED WHEAT FROM MY FACILITY?

- A) Read and become familiar with the regulations regarding bulk sales of wheat.
- B) At least one week before needed, fill out the application (**Form 20-BU/WT Retail**) for approval to sell bulk certified wheat. A certification permit number will be assigned and you will receive a Certification Permit Certificate. (Certification Permits expire June 30th each year and must be renewed.)
- C) If you have bulk storage bins, a Department of Agriculture Inspector will check your facility to see if acceptable procedures are in place for receiving, storing, dispensing and record keeping for maintaining identity of the seed.
- D) After Approval, call the Certification Office and request the number of Bulk Certified Seed Certificates you think you will need. These will be serially numbered and cost \$0.25 cents each. Any unused bulk certificates remaining at the end of the season will be returned to the Certification Office (no refunds).
- E) Follow the processes outlined for selling bulk certified wheat.

GROWER / DEALER BULK WHEAT APPLICATION FORM

CERTIFIED GROWER / DEALER APPLICATION for APPROVAL to SELL BULK CERTIFIED WHEAT

Company Name: _____ Phone: _____

Address: _____
(Street address) City State Zip

Person in charge of Bulk Certified Wheat Program: _____

Each Grower / Dealer must have in force an Arkansas Certification Permit. If a Grower / Dealer has separate retail facilities selling Bulk Certified Wheat - an application form (Form 20-BU/WT RETAIL) must be submitted for each retail location where bulk seed will be sold. Note: Retail Facilities are subject to inspection by the Department of Agriculture to assure acceptable procedures are used for maintaining identity of the seed.

**Note: Use this Section to list your Retail Facilities handling Bulk Certified Wheat
(If none - leave this section blank)**

Retail Facility Name & Location:

Name of person at facility in charge of certified seed:

Application must be received in time for bulk wheat certificates to be sent (prior to selling any seed). Application expires June 30th each year and must be renewed annually. Please return application along with fees for certificates ordered to: Arkansas Department of Agriculture Seed Section, PO Box 1069, Little Rock, AR 72203.

Phone: (501) 225-1598

Fax: (501) 225-7213

Number of Bulk Certification Certificates Needed: _____ **(Cost is \$0.25 each)**

I have read and understand the regulations in Circular 15 (Official Standards for Seed Certification in Arkansas) regarding selling Bulk Certified Wheat. **I understand that the bulk wheat certificates can only be used to sell to other Grower / Dealers or Approved Retail Facilities participating in the Certified Bulk Wheat Program.**

SEED PROTECTION: RIGHTS AND RESPONSIBILITIES

DEFINITIONS:

1970 Plant Variety Protection Act (PVPA) - Legislation enacted to promote the development of new varieties by allowing the variety owner to determine who may sell seed of the variety. Farmers may save seed for their own planting needs and sell that amount to a neighbor, if plans for that variety change. All seed sales must comply with state seed laws. Applies to all varieties protected prior to April 4, 1995.

1994 Amended PVPA - Amendment to the Plant Variety Protection Act that prohibits the sale of any farmer saved seed without the permission of the variety owner. It also extends protection to tuber reproduced plants, varieties essentially derived from the variety, and harvested material of the variety. Seed protected under the 1994 PVPA must be sold by variety name (except for turf, forage, alfalfa & clover). Length of protection was increased to 20 years for most kinds, 25 years for trees, shrubs and vines. Applies to all varieties protected after April 4, 1995.

Title V - an option for protected varieties that allows for the sale of the seed by variety name only as a class of certified seed. Non-certified sales are prohibited. Seed may be called "Certified" only after meeting all requirements and standards of an Official Seed Certifying Agency.

Utility Patents - A means of protection for certain varieties, especially those developed through genetic engineering or biotechnology. Farmers may not save, clean/condition, or sell any seed protected under a utility patent.

	'70 PVPA	'94 PVPA	TITLE V	PATENT
FARMER:				
ALLOWED TO SAVE SEED	*YES	*YES	*YES	NO
ALLOWED TO SELL SEED (No Advertizing) TO NEIGHBOR if in compliance with state laws.	*YES	NO	'70 PVPA ONLY	NO

Deliver or Load Seed to a Third Party	NO	NO	NO	NO
Advertise Farmer Saved Seed	NO	NO	NO	NO
Sell or act as Broker for Farmer Saved Seed	NO	NO	NO	NO

*Limited to the amount of seed needed to plant a farmers own holdings (land owned, leased or rented).

For further information, call the Department of Agriculture Seed Section at (501) 225-1598.

QUESTIONS and ANSWERS ON PLANT VARIETY PROTECTION

Q. What are the benefits of Plant Variety Protection for farmers?

A. The Plant Variety Protection Act was designed to promote the development of new varieties. Allowing Plant Breeders to determine who can sell seed of the varieties developed gives them the ability to recoup the monies expended in the process and re-invest in future variety development programs.

Researchers estimate that as much as 65% of increased performance in agricultural crops is due to improved genetics. Since 1950, the number of varieties available for Arkansas' major crops have more than tripled! Besides increases in yield, there have been improvements in disease and pest resistance, and varieties that are adapted to various soil types and production practices.

Q. What changes were made when the Plant Variety Protection Act was amended in 1994?

A. The major provisions of the 1994 PVPA:

, Prohibits the sale of any farmer saved seed without the permission of the variety owner.

, Requires that protected varieties be sold by variety name.

, Extends protection to tuber reproduced plants, varieties essentially derived from the variety, and harvested material of the variety.

, Increased length of protection to 20 years for most kinds, 25 years for trees, shrubs and vines.

Q. How can I tell if the seed I buy is protected under the 1970 or 1994 PVP?

A. The label on the bag of seed will clearly identify if the seed is protected and distinguish which Act it is protected under.

Q. Can a farmer save seed of a protected variety?

A. A farmer can save seed protected under both the 1970 and 1994 PVPA for planting on his own holdings (land owned, leased or rented).

Q. Can a farmer sell seed of a protected variety?

A. Under the 1970 PVPA - Yes, but only the amount needed to plant his own holdings.

Under the 1994 PVPA - No, unless permission is given by the variety owner.

Q. Can I clean seed for a farmer?

A. Any actions taken as a step in marketing farmer-saved seed are infringements of the rights of the owner. This can include cleaning excess seed or delivering seed to a third party. Under the 1994 PVPA, cleaning or storing farmer saved seed for sale are infringements. Anyone who cleans or conditions farmer saved seed should keep written documentation from the farmer stating that the seed being cleaned is not in violation of PVP laws or Patents.

Q. What does PVP Title V protection mean?

A. If this option is selected by the variety owner, it means the variety must be sold as a class of certified seed. Title V of the Federal Seed Act makes sales of non-certified seed of these varieties illegal.

TRANSFERRING WHEAT FROM ONE CERTIFIED GROWER TO ANOTHER

USE OF BULK TRANSFERS IN CERTIFICATION

PURPOSE:

Bulk Transfer forms are used in the certification process to transfer ownership of seed in the certification program from one certified grower / dealer to another. The original intent was for unconditioned seed to be transferred, although this process can be used on cleaned seed. The certified grower / dealer who receives the seed is responsible for completing the certification process on the seed. This includes having an inspector send in a sample for complete analysis.

FORMS:

[Form 24 \(Intrastate -within AR-\) Bulk Seed Transfer](#)

[Form 24 A \(Interstate -between states-\) Bulk Seed Transfer](#)

PROCESS:

Seller -

1. The Bulk Transfer document (form 24) must accompany the shipment of seed.
2. The seller completes the top portion of the form. This lists the name & address of the original producer, the seller (if different) and the buyer, as well as a description of the kind, variety, grade applied for, lot #, number of bushels in the shipment and date.
3. The seller makes a copy of the document and immediately faxes or sends to the Arkansas Department of Agriculture.

Buyer -

1. The buyer completes the lower portion of the form that came with the shipment. This lists the date the shipment is received, the number of bushels, the transfer of authority for issuance of certification labels, and the buyer's signature/date.
2. The buyer immediately sends the completed form to the Department of Agriculture.
3. The buyer is responsible for completion of certification which includes a complete analysis and bagging/tagging in compliance with certification regulations.
4. If the buyer decides not to complete the certification process and sells the seed as non-certified (if eligible), then he is responsible for complying with regulations regarding an AR Seed Dealer's license and payment of tonnage fees, as well as all labeling requirements.

BULK TRANSFER OF SEED PENDING CERTIFICATION

Use this document to transfer seed certification responsibilities from one Arkansas Certified Seed Grower to another. SEED APPLICANT or SELLER, complete sections 1, 2, 3, and 4. BUYER, complete section 5. This document must accompany the shipment of seed.

1 SEED DESCRIPTION	KIND		YEAR HARVESTED	
	VARIETY		BUSHEL SHIPPED	
	LOT / BIN #		TYPE OF SEED CONTAINER:	True Bulk
	CLASS			Work Bags
STAGE OF CONDITIONING:				

2 CERTIFIED SEED APPLICANT		List the company name, address, & phone that applied for this seed to be grown as certified
	Send a copy to the Seed Certification Office and to the Seller	I hereby declare the seed described on this transfer was produced under my company name as the applicant for certification and the fields were inspected by and met the minimum field requirements for Arkansas certification. DATE OF TRANSFER _____ SIGNATURE _____

3 SELLER	Same as above? <input type="checkbox"/> Just check this box and go to section #4 below.	List the company name, address, & phone selling the seed
	Send copy to the Seed Certification Office and to the Buyer (Note: Only certified growers / dealers are eligible to use this form as a method of transferring ownership of certified seed) DATE OF TRANSFER _____ SIGNATURE _____	

4 BUYER / PROCESSOR	List the company name, address, & phone buying / processing the seed
--------------------------------------	--

BUYER: COMPLETE THIS SECTION AND RETURN TO THE PLANT BOARD

5 BUYER / PROCESSOR SEED RECEIVED & SIGNATURE	As the buyer of this seed, I am responsible for having a sample taken by the Plant Board for complete analysis and completing the certification requirements. If I decide to sell this seed as non-certified (if eligible), I am responsible for any seed tonnage fees due.
